A SELECTED LIST OF

SPRING FLOWERING BULBS

1950

NEW CUMBERLAND, PA.

Spring Flowering Bulbs

We are presenting for the consideration of our friends and customers, a selected list of spring flowering bulbs. The tulips in our list are Holland bulbs from a grower whose reputation is of the best. The varieties are carefully selected. The bulbs are guaranteed to be of highest quality and are top size, except as noted.

The daffodils are principally of our own growing, supplemented by Holland grown bulbs of a few varieties which are not yet generally available in this country.

In order to make certain of getting the varieties desired, orders should be placed early, during June or July, if possible. The bulbs will be sent to you in time for planting during October.

All prices are prepaid. Six or more bulbs of the same variety may be purchased at the dozen rate. Twenty-five or more of the same variety may be purchased at the one hundred rate. No order amounting to less than \$2.00 will be accepted.

Daffodils

(Single Narcissus)

A List of Distinctive Varieties

	Per	1	12	100
BEERSHEBA. The best white daffodil available. Both the trumpet and the perianth are of ivory white. Very beautiful. Early midseason. Height 18 inches.	.40		2.90	22.00
CARLTON. One of the largest of the incomparabilis and one of the showiest of all varieties. Broad flat perianth of pure lemon yellow with beautifully frilled crown of the same shade. Midseason. Height 22 inches.	.20		1.25	9.50
DICK WELLBAND. A good sized flower with white perianth and large brilliant orange flaring crown, which does not fade. Midseason. Height 21 inches.	.30		1.60	12.00
FORTUNE. Perianth is rich golden yellow and very flat. The large crown is tinged with orange. Very showy and a strong grower. Early. Height 24 inches.	.30		1.75	13.00
JOHN EVELYN. Large overlapping white perianth. Heavily frilled with spreading deep lemon cup. Very distinctive. Midseason. Height 18 inches.	.20		1.35	10.00
KING ALFRED. One of the most popular. Perianth and trumpet are a rich golden yellow. Early. Height 23 inches.	.20		1.60	12.00
MAGNIFICENCE. This is one of the first to bloom. Both the perianth and the trumpet are a deep yellow. Nicely frilled. Very early. Height 17 inches.	.25		1.60	12.00
MRS. R. O. BACKHOUSE. Ivory white perianth, graceful apricot trumpet, flushed pink. Very unusual. Deeply fringed.	.35		2.70	20.00
SCARLET LEADER. Large cream perianth and widely expanded orange red cup. Those who want plenty of color will like this one. Early midseason. Height 17 inches.	.35		2.40	18.00
TUNIS. Large flower with a cream perianth and large flaring pale yellow crown frilled with apricot buff. A magnificent variety. Early midseason. Height 22 inches.	.30		1.90	14.00
